

December 2009 CAMP News

Joe Dee Stricken

I learned today that on November 23 Joe Dee suffered a stroke that severely affected the right side of his body. Joe is currently undergoing rehabilitation at Thayer Hospital in Waterville. His wife Eunice says that "they're working him hard." Joe is reachable by telephone at Thayer. Joe has been a stalwart CAMPer from the earliest days of the group. Our hearts go out to him.

December 9 Meeting and Potluck Dinner

December is the time of our annual corporate meeting and holiday party. Events begin at **6:00** p.m. on Wednesday, December 9, at the home of vice president Rob Darby. Rob lives at 44 Charles Street, Winthrop. This is the last house on the left after you turn onto Charles Street from Route 133. Click [here](#) for a map to Rob's house.

For the potluck dinner, bring an entrée or dessert. CAMP will provide beverages. We will also hold our customary Yankee auction, so please also bring a smashing item to part with. It need not be computer-related. In a break from tradition, we will not be holding our \$100 "second chance" raffle drawing. The reason is two-fold. First, we stopped holding the monthly raffles from which the losing tickets were automatically entered into the second chance drawing. Second, we will likely need the money to buy a projector.

For the annual meeting, the only agenda item is election of officers. All the current officers have agreed to serve again if re-elected, although Joe Dee's illness sadly makes it necessary to find a new treasurer. The incumbents appear below as nominees. Nominations will also enthusiastically be taken from the floor:

PresidentSteve Katz
Vice President.....Rob Darby
SecretaryLee Cabana
Treasurer[open]
Membership Dir'r ...Mike Knight
Newsletter Editor....Jeff Frankel
WebmasterSue Westlake
Publicity Director ...Sue Westlake
Director-at-large.....Del Clough
Director-at-large.....Adam Tomash

January 13 Meeting

It's official...CAMP's new home is the Windsor Elementary School, Ridge Road (Route 32), Windsor, ME. At the November 11 directors meeting the board authorized Jeff Frankel to formally apply for meeting space at the school. Jeff submitted the application, which was approved by the principal on November 16. We have been assigned to the music room. There is no charge for the space.

The Windsor Elementary School is located on Route 32 between Route 105 and Route 17 (closer to Route 105). Click [here](#) for a map to the school. After turning in to the school grounds, proceed to the large parking lot at the rear of the school building. Enter the school from the back. There are two doors; I'll put up signs for the music room.

The program will consist of either or both of the following:

- Jeff Frankel will demonstrate the new (wireless) Magic Mouse and wireless Apple keyboard that came with his new iMac. These are both Bluetooth devices. For the demonstration, Jeff will pair them with the CAMP laptop (or anyone else's laptop) and put them through their paces.
- Lee Cabana may demonstrate Windows 7 running under Parallels Desktop 5 on his laptop. [Note from Jeff: This will be *far* more interesting than the wireless keyboard and Magic Mouse!] This part of the program is not entirely certain, as Lee may or may not decide to upgrade Windows Vista to Windows 7.

We will not have a projector at our disposal at the Windsor School. The directors have begun the search for an appropriate unit to purchase.

As usual, the directors meeting will begin at 6:45 p.m. and the general membership meeting at 7:00. Members are welcome to attend the directors meeting.

In Conclusion...

Please mark your calendars for the December 9 annual corporate meeting and holiday party and for the January 13 inaugural meeting at the Windsor Elementary School.
